A Respectful Note to our Future Clients:

Quick Search International has been serving the public and finding the impossible for over 30 years. Throughout the years, we have retained the same values and commitment to excellence by respecting your sense of urgency in business. We understand how important your time lines are to your success. You want things done right, and you want them done right away. Why wouldn't you? Your company's reputation depends on it. We pride ourselves in providing our clients, like you, with unmatched speed, accuracy, and value in our service. Here is a brief summary of those services:

"Same Day" Process Service, Skiptracing, Employment Screening, Missing Heir Location, Tenant Screening, Posting Evictions and notices, Surveillance, Asset Search, Military Search, SSN Searches, and more.

Our **Skiptracing** department combines the latest technology with over 30 years of experience using proven techniques. Most companies will just give you the information they find on the web without any address verification. Why should you pay another company to point and click for you? When other investigators send you the bill, we are just beginning to dig. We dig deep and verify our investigations. That's why it's no problem for us to **guarantee** our work for a full 30 days. You deserve accurate information. Don't settle for less.

Our Process Serving department is second to none. Absolutely nobody comes close to our timelines. When others give up, we are there with your documents in hand, serving the impossible. We often try an address at several different times throughout the day. We truly strive to get service completed within 24 hours, and if we aren't able to get someone served at home, we will find their employer and serve them at their job at no additional charge. The bottom line is that we get it done fast, and we get it done right.

#### **Some reasons why we are your best choice for PROCESS SERVING**

---

1. Most documents are served within 24 hours
2. Competitive pricing, volume discounts, & no charge until service is perfected
3. Service Returns are filed and returned the next day
4. Bad addresses are verified with neighbors, tenants, or property managers
5. On-site skiptracing. We re-locate and serve your documents immediately

Sincerely,  
Jesse Lansing –Vice President
